### HÖRMANN FLEXON SHOWS AT 2009 NADA CONVENTION & EXPO

Hörmann Flexon will display the Speed-Guardian™ 2000 high speed security roll-up door and the Speed-Commander™ 1400 SE, in booth # 1911, at the New Automobile Dealers Association (NADA) Convention & Expo in New Orleans, Louisiana, January 24 – 27, 2009.

With an impressive opening speed of up to 80“ per second, the Speed-Guardian™ 2000 is a smart fit on exterior service doorways in dealerships where employee comfort and energy conservation are priorities. In addition, the Speed-Commander™ 1400 SE self-repairing door is ideal for doorways between customer waiting areas and the service department, to create a streamline building appearance many dealerships want.

Peter Burnham, National Sales Manager for Hörmann Flexon, comments: “Hörmann Flexon is committed to success through a philosophy of professionalism and quality products. The NADA show will be a great venue for sparking interest in these two new products, while expanding our relationship with new automobile dealerships. “
