RE: **Maximum Size for HD Flexidoors Now 10'W x 10'H**

The Flexidoor® Series HD Model CHD impact door has been discontinued and is no longer available. Now, the maximum size available for Flexidoor® Series HD impact doors is for 10'W x 10'H door openings. The hinged and fixed transoms are still available to accommodate higher door openings.

In addition, the model names for the Flexidoor® HD Series will be changing in the near future. Watch for details in a future product bulletin.

Thank you for your continued support.
