### HÖRMANN FLEXON INVESTS IN FUTURE GROWTH

Despite the current economic situation, Hörmann Flexon is investing in its future growth. "We have great confidence in our products and are getting prepared for our continued growth. Currently, we are adding a new showroom at the facility in Leetsdale, Pennsylvania, and we are working on new products to complement our portfolio," says Peter Burnham, National Sales Manager. Just recently, Hörmann Flexon launched its Speed-Commander™ 1400 SE and Speed-Guardian™ 2000 high performance doors, both of which feature state-of-the-art technology, engineered in Germany and sold worldwide.
