NEW HIGH PERFORMANCE DOOR BROCHURE AVAILABLE FROM HÖRMANN FLEXON

A new 28 page color brochure highlighting Hörmann Flexon's line of high performance doors is now available. This comprehensive brochure includes information about the Speed-Commander™ 1400 SE and 800 SF SoftEdge doors; the Speed-Master® 1600 and 2600 Series; and the new Speed-Guardian™ 4000 U insulated, high speed security door. Detailed product information, site photos and detail drawings make it an effective sales tool for dealers and product resource for customers.

"As more industries are striving to increase efficiency and reduce energy costs, high performance doors are continuing to become a commonly specified door, in place of impact and strip doors. We have designed this brochure to be a comprehensive resource for our high performance door line and easy to understand for those individuals who are first-time high speed door buyers," says Peter Burnham, Vice President of Sales.

Contact Hörmann Flexon at 800-365-3667 or sales@hormann-flexon.com for your copy.
